

THREEWAYS BIRDWATCH STREET CLOSURE PLOVER, JACANA AND KESTREL STREET

01 OCTOBER, 2025

Dear New Homeowner,

1. First and foremost, we welcome you to our closure, and wish you a happy and secure stay in your new home.
2. To date, our street closure has been in operation for almost 26 years, it having initially commenced operation in 1998.
3. In 2019 we were given approval for 4 years until 2023, when once again we were required to reapply to the City of Johannesburg, for approval, for hopefully a further 5 years.
4. The security that the closed off streets has afforded us, and all families in the closure, is tremendous. We have had a dramatic reduction in priority crime over the 20 years. Whilst we have experienced certain petty crime, there have been no reported incidents since the change in security model.
5. As the position stands, we have an automated boom system, and are privileged to have a permanent vehicle, with armed guard, patrolling our three streets, 24/7, together with 14 cameras, which are linked to an off-site surveillance team. As you can appreciate, the monthly cost to maintain this security is high,

and accordingly, all contributions from residents within the closure is of the utmost importance.

6. Whilst crime is still on the increase in our country, it is important that everyone, remains vigilant at all times.
7. Accordingly, it is of the utmost importance that we ensure that we maintain the security measures as implemented in our closure, to ensure the best safety of all of our families.
8. The success of this closure is largely due to the support of all of the contributing residents, without whom we would not have this closure. Unfortunately, the less that contribute, the more at risk we are for losing the closure, as there are simply insufficient finances available to maintain it.
9. As such, we must do everything to ensure that we keep it.
10. This street closure is very sought after, because of the location. It is well maintained, run efficiently, and we have no major crime.
11. The council approval for the last 17 years has added great value to our properties.

GUARDS/SECURITY COMPANY

12. We have a 24 hour armed patrol vehicle, dedicated to our closure. Such armed patrol vehicle is managed by TRSS Security Services. Such reaction vehicle patrols the streets, day and night. They are contactable through the TRSS security group, which is only available to contributing members.
13. Since we have our own dedicated reaction vehicle, such TRSS reaction vehicle will be at your property within minutes of any alarm or panic activation, should you subscribe with them.

14. If you do experience a problem with the guards, please contact Pat – 011 705 1052 or 073 171 5148.
15. Notwithstanding the reaction vehicle, it is imperative that all residents remain vigilant at all times, and report anything suspicious.
16. Please report any suspicious activity to TRSS on 086 111 4021, or through the TRSS What's App group, or press your panic button in the event of an emergency.

ACCESS CONTROL

17. Please enter and exit on the left only.
18. Access control is monitored, and not restricted. Pedestrians have 24 hour access.
19. As per the Rules of the closure, we are not permitted to deny any one access to the closure, bearing in mind that these are public streets.
20. Cameras at the boom monitor access to, and exit from, the closure. There are additional cameras throughout the closure, which are monitored remotely. Any suspicious activity is reported to TRSS, who then in turn investigate any issues raised. The cameras require continuous maintenance, and additional cameras are installed as and when additional funds become available.

MONTHLY LEVIES

21. Payments must be made in advance, by the 1st of each month, by debit order or EFT.
22. The banking details are as follows:-

Account Name: Threeways Birdwatch

Bank Name: Standard Bank

Account Number: 001012568

Bank Branch (Code): 000205

23. The monthly levy at present is **R1,150-00**, payable in advance. There is an annual increase every year.
24. The security levy is payable by new owners on occupation, or transfer of the property, whichever comes first.

SPEED LIMIT

25. The speed limit in the closure is 40km/h, and must be adhered to at all times.

REFUSE REMOVAL

26. Residents must leave their refuse bins only at the corner of Jacana and Plover, Jacana and Alexander and Kestrel and Plover, for collection on Mondays only. Use of residents' verges on each corner must be considered, as bins left for days are unsightly.
27. For any queries, call Pikitup call centre – 011 702 5200.
28. General complaints – Johannesburg Metropolitan Council – 011 375 5555, or contact Pat on 073 171 5148.

LITTER AND MAINTENANCE

29. The council does not maintain the verges, or pick-up litter. As such, we request all residents to assist in keeping our closure neat and tidy at all times. By doing so, we enhance the appearance of the suburb and value of our respective properties. Please keep the road alongside your verge free of sand, weeds and grass, so as not to break up the road surface.

RECYCLING

30. Please leave your goods and plastic bags or boxes on the verge every Tuesday, early morning.

PETS

31. It is requested that all residents keep their pets within their property, at all times, and when walking them, they must be on a lead. Residents have been bitten in the past, by dogs left to run the streets.
32. Pets left unattended are a nuisance, and cause a disturbance in the neighbourhood.
33. Residents must ensure that at all times their dogs do not bark unnecessarily, as this creates a disturbance.
34. There are bylaws pertaining to the above, and we request that all residents take note of such laws. They can be accessed on the Johannesburg City website for details.

STREET TREES

35. All trees on the verge within the closure, are the property of City Parks Street Trees. Should you wish to remove or cut back any trees on your verge, please contact Pat to arrange for City Parks to do so.

- 36. You may not remove or trim any of your verge trees without permissions from City Parks. There is a heavy fine per tree.
- 37. Should you require trees to plant on your verge, please do contact Pat – 073 171 5148.
- 38. City Parks Trees will supply trees at no cost.

NOISE POLLUTION – PARTIES/BUILDING ALTERATIONS/INCESSANT BARKING DOGS

- 39. Please consider your neighbours at all times. It is requested that you notify them if you are going to have a party, and it is requested that you keep noise to a minimum.
- 40. Noise pollution will not be tolerated.
- 41. Call Jhb Connect – 011 375 5555 or email jhbconnect@jhb.org.za or Google info on bylaws.

PEDESTRIAN GATES

- 42. The pedestrian gates at Kestrel and Westway, Kestrel and Robin remain locked permanently. The gate at the end of Jacana and Alexander is locked permanently. Security cameras and lights have been installed at all above pedestrian and barricaded gates.

COMMUNITY GROUP

- 43. Belinda heads the community group for community related issues only. Please call her on 072 686 9404 should you want to be added to that group.

44. Should you have any queries, complaints or ideas, please contact the committee. We value your comments and input.

THE COMMITTEE

45. Pat Amerseder – 073 171 5148 – 17 Kestrel Street;
46. Otto Amerseder – 083 456 9118 - 17 Kestrel Street;
47. Karen Immelman – 011 705 1115 – 7 Jacana Street; and
